Filmmaker and producer, Dallas Jenkins, grew up in a Christian household that loved to tell stories. His dad, Christian novelist, Jerry Jenkins, co-author of the immensely popular “Left Behind” series, set the stage for young Dallas to become the storyteller he is today. His most recent film, “*The Resurrection of Gavin Stone*” opened in theaters in 2017. His most recent project, “*The Chosen*”, is a groundbreaking multi-series show dramatizing the life of Christ. You won’t want to miss Dallas sharing his compelling story of what God taught him in the midst of one of his most difficult times through the Bible story of loaves and fishes!

Bowen & Lale Diehl - Honorary Chairpersons

Bowen and Lale Diehl’s mothers are close friends, and they have been since high school, when they were cheerleaders together. Little did they know their children would get married and 45 years later they would share three grandchildren together! Bowen and Lale learned faith from their parents and now enjoy passing it on to their children. Bowen is President and CEO of Capital Southwest Corporation and has worked in the financial industry for the past 25 years. Lale started her career as a Physician Assistant, but when the Lord blessed her with motherhood she moved to the greatest job she could ever dream of, being the mother of their three children. Bowen and Lale have been friends of Parent Compass since its beginning and believe faith and family are critical pillars of God’s love and truth in the world. They feel God’s use of Parent Compass to proclaim the powerful name of Jesus, our Lord and Savior, in its miraculous ways throughout the world, leaves us in awe and desiring more!
